- |   |     |
|---|-----|
| ▼ Porcelain Lampholder                    | P   |
| ▼ Shockproof Lampholder                   | SP  |
| ▼ Terminal Block (4 pole) (Box type only) | T   |
| ▼ Terminal Block (6 pole) (Box type only) | T6  |
| ▼ Guard                                   | GRD |

## DIMENSIONS

Dimensions in inches

**LUMINAIRE TECHNICAL SPECIFICATIONS**

**HOUSING**

Available in rugged heavy cast marine brass or natural copper free aluminum.

**GUARD**

Natural heavy web cast marine brass or natural copper free aluminum available as an option.

**OUTLETS**

Junction box units are supplied undrilled. Stem mount units are supplied drilled and tapped with one 3/4" NPT outlet as standard. Other drilling and tapping options also available (see options).

**GASKETS**

One piece silicone gasket provides a watertight seal between the lens and housing.

**LAMPHOLDER**

A medium base lampholder with a nickel plated copper screw shell is supplied as standard. A porcelain or shockproof lampholder is also available as an option.

**LAMP TYPE**

The luminaire is suitable for lamps up to 100w A-19 maximum. Luminaires are supplied without lamps.

**LENS**

Clear or colored glass fresnel lenses are available in yellow, green, red and blue.

**TERMINAL BLOCK**

A four pole or six pole terminal block is supplied as an option on junction box luminaires only.
